30 August 1957

Chief, Aircraft Branch, D/I

Briefings for OME Board

1. This memo is to inform you of two scheduled briefings regarding current and future estimates of Soviet medium and heavy bomber capabilities.

## 25X1A9a ...

- will present CIA views on the subject to the board at 1000 hours on 5 September. I/AR will supply graphical backup material, a composite production chart on Flant #23 Moscow and a picture of a Bison aircraft leaving the final assembly shop.
- b. The USAF will brief the board at 1000 hours on 6 September as to the reasoning used in making their estimates.
- c. I/AR is invited to send two representatives to each meeting.
